Hiring Manager  
Next Labs

Bengaluru, Karnataka, India 560100

Dear Hiring Manager,

I am writing to express my enthusiasm for the Frontend Developer position at NextLabs. As a dedicated and proactive learner, I am excited to bring my strong coding skills, practical experience, and passion for software development to contribute to your team's success. Currently pursuing a Bachelor of Technology at Bharati Vidyapeeth's College of Engineering, I have a demonstrated commitment to continuous learning. I actively engage with online platforms such as GeeksForGeeks and LeetCode, sharpening my coding and algorithmic abilities to stay up-to-date with industry trends. Proficiency in an array of programming languages including C/C++, Java, JavaScript, HTML, CSS, and SQL empowers me to tackle diverse challenges. Moreover, my familiarity with frameworks like React.js and Java Collections enables me to develop dynamic and responsive web applications. I possess hands-on experience with databases such as MySQL and MongoDB, showcasing my ability to manage and manipulate data effectively. My dedication to software development is exemplified through my self-learning projects. "CurrentSync," a responsive web app developed using React.js, provides real-time news updates from various sources. Additionally, "iNotebook," a MERN stack web application, facilitates secure note storage and management, highlighting my proficiency in handling APIs and implementing CRUD functionalities. Participating in competitive hackathons like Hack.it@Bvp '23 and EduHack BVP '23 reflects my problem-solving prowess. Achieving a top-four position among 100 teams in Hack.it@Bvp '23 for a hardware-based SOS button solution underscores my innovative thinking and practical approach to challenges. Thank you for considering my application. I am excited about the possibility of contributing to NextLabs's dynamic team and furthering my professional journey. I look forward to the opportunity to discuss how my skills and experiences align with the needs of your organization.

Kind Regards,

Chirag Jagyani
